Dear Hoppy,

A while back I had mentioned some additions and corrections to the Bojorques material. It is enclosed. I don't know who is taking care of this and if they want to insert the new pages into the appropriate part and clip apart these pages where several were typed on one page and paste on the bottom of the numbered page or if there is not room then on the back or simply keep all these new items separate, from the pre-existing parts.

May these three wanderers,  
Health  
Happiness  
Prosperity  
be with you this Christmas  
and through the coming year.  
Mr. and Mrs. Frank L. Blackburn

Sincerely

*Helen*
